Estimated Net Profit	\$	9,371
Return on Investment		5.3%

DESCRIPTION: This property was listed as a short sale on the MLS at the time we bought it at the Trustee Sale Auction. By talking to the agent prior to the auction, we were able to obtain info that there was a willing and able buyer at \$205,000 in escrow for the short sale. We bought the property with the hopes of flipping it immediately to this buyer with little to no repairs. This worked out and we are currently in escrow after owning the property for four days. The close of escrow is slated as 45 days, so if all goes as planned, we should have a total turn time of 50 days. We currently have a backup offer at \$204,000 if the current escrow falls out. ESCROW NOW CLOSED.
